Annual Gender Sensitization Action Plan

- Arranging state level and institutional level different events for gender sensitization.
- Conveyance of the significance of gender equity through micro & macro type competitions amongst the students, sensitize them about the consequences of gender discrimination on society, development of civilization, etc.
- Conduction of awareness programs, popular talk sessions, etc. at the institution as well as at the adopted villages.

Specific facilities provided for women in terms of:

- **Safety and Security:** The campus of the college is surrounded by a boundary wall on four sides having a security guard at the gate to keep a check on (any) unwanted entry during college hours. The college campus is deployed with sufficient solar and electric lights if there is any event after dusk. Separate wash-rooms for girl students, teachers and female working staff are there in the college. The Women's Cell also maintains a gender friendly working-place for female students and women working staff in the college. At certain instances (if situation arises such as non-availability of

vehicles after completion of examination), faculties or staff escort the girl students to their home.

- **Counselling:** The College has a cell for ‘Grievance Redressal’ to make communication transparent and placate for students. Apart from the above mentioned cell, there is a ‘Cell for Prevention of Sexual Harassment’ to deal with any such improper behaviour within the campus. However, the college has not witnessed any such issue during the foresaid period.
- **Common Rooms:** Independent Common Room cannot be provided for women on account of infrastructural deficiency.
- **Day Care Center for young children:** On account of non-availability of fund, the Center couldn’t be continued.
