The Committee discussed the matter as per direction of the Education (Higher) Department for maintaining a common principle on segregation of posts of Assistant Professor.

2. It is desirable that as per UGC guidelines, the average teacher students ratio would be 30:1. But the above guideline may not be followed for acute shortage of faculties in the State for many reasons. The Government of Tripura is setting up General Degree Colleges in every Sub-Division, where the number of availability of students are not adequate according to the intake capacity. But, minimum number of teaching faculty meant for the course teaching required to be placed to the colleges. Hence, teacher students ratio cannot be followed in the State at Government (General) Degree Colleges owing to the facts stated above. In view of the above, the Directorate of Higher Education made an exercise on the issue of total faculty required to be placed in all 22 General Degree Colleges, wherein it was placed before the authority that, 1366 number of teachers required to be appointed to the all General Degree Colleges according to the UGC norms, but 511 teachers are in position as on 18-2-2014 against 661 number of sanctioned posts of Assistant Professor. Shortage of Assistant Professors are covered by 288 number of Post Graduate Teachers regularly appointed and 396 Guest Lecturers.

3. In view of the sanctioned strength of Assistant Professors in colleges segregation of the existing 661 posts of Assistant Professors as stated above are made on following principle :-

- At least 2(two) regular Assistant Professors uniformly be provided for Arts subjects, 3(three) faculties for Science subjects, which has practical classes and 4 (four) faculties for Commerce (having 18(eighteen) variety of subjects teaching) for meeting up minimum requirement.
- It was taken into consideration that the existing man in position of the particular subject working in 22 General Degree colleges be accommodated in the proposed segregation process.
- The pending proposal of the department for opening of new course teaching in some selected colleges in addition to existing course teaching may also be taken into consideration.

4. In view of the above perspective, the committee re-consider its earlier decision dated 19-1-2016 for segregation/distribution of 661 (six hundred sixty one) sanctioned posts of Assistant Professor, Govt. (General) Degree Colleges in 31(i.e clubbing IT & CSE as one branch) disciplines/ branches and recast the recommendation on the principle as stated above at Para - 3 , which are as follows
